Together we can make a difference!

Love Montgomeryshire, Love Wildlife

Montgomeryshire Wildlife Trust is a local charity working for a county rich in wildlife. We look after over 20 of Montgomeryshire's best places for wildlife and encourage people to visit and get involved with their care.

We stand up for Montgomeryshire's wildlife wherever it is under threat, and work with others to find solutions that benefit both wildlife and people. We inspire thousands of children, families and individuals every year, reconnecting them with their local environment and wildlife. With the support of lots of people, we are restoring and recreating a living landscape in Montgomeryshire and raising awareness of the natural world.

"Forming a relationship with Montgomeryshire Wildlife Trust has been a core part of our engagement with the local community and we are delighted to be offering our support. The organisation operates a diverse range of superb projects within Montgomeryshire while progressing highly valuable conservation work in the area, and the knowledge that we are helping them achieve their aims is very satisfying."
