# Montgomeryshire Wildlife Trust  WINTER BIRD SURVEY 2025-6

**Please use the form overleaf to record the birds you see weekly during the winter.**
**You may record birds in or from the area 500 metres from any point (e.g. your house)**
**It will help us analyse the information if you tell us something about this observation point.**

**Observation Point (name)**

**OBSERVER NAME:**　　　　　　　　　　　　　　　**TEL:**

| Please give us a map reference (e.g. SJ222052) |

**ADDRESS**　　　　　　　　　　　　　**MAP REF:**
of observation point

**BRIEF DESCRIPTION OF AREA**

**Email**

**Altitude in metres**

　　　　　　　　　　　Yes　　　　　No
**Does the area include a bird feeder?**

　　　　　　　　　　　Yes　　　　　No
**Is food put out for birds regularly?**

**At the end of every week (Sunday), we invite you to record the maximum number of each species seen or heard**
e.g. House Sparrow 10.  Or, if you prefer, just tick.

**Include birds HEARD as well as seen and birds seen FROM the area as well as within it.**
**Use the lines at the bottom (overleaf) for any additional species.**
**For any unusual species that you are unable to identify, please make notes and phone:-**

Simon Boyes  07708 328987,   or email him at montbird@gmail.com
**Records of unusual species are much more valuable if confirmed by someone else !**

**At the end of March 2026 please return to:**
**Simon Boyes, Bridge Cottage, Middletown, Welshpool, Powys, SY21 8DG**

If you would like a Welsh version of this form, please contact the Montgomeryshire Wildlife Trust office on info@montwt.co.uk
This data is used to help in creating the annual Montgomeryshire Bird Report, which can be found at:
http://montgomerybirdblog.blogspot.co.uk/p/county-reports.html

**Do you have any other wildlife sightings to report, such as unusual mammals or reptiles or butterflies?**
**If so, use the space below (with dates please). See also:**　　　montwt.co.uk/wildlife/report-your-sightings

A note for MWT members who live OUTSIDE the county: you are welcome to fill in the forms, but only those WITHIN Montgomeryshire can contribute data to the county bird reports.

# BIRD SURVEY

**Week ending dates (Sunday). Record max. number seen in week (or just tick - see box overleaf)**

*Winter 2025-6*

| SPECIES | October | | | | November | | | | | December | | | | January | | | | February | | | | March | | | | |
